# UNIVERSITIES PRESENTATION

**SUP'COM**  
Higher School of Communication of Tunis

Sup'Com ,Higher School of Communication of Tunis, was founded in 1988 and is currently the most prestigious and best known school in the training of Telecommunications engineers in Tunisia.

South  
Mediterranean  
University  
MSB . MedTech . LCI

The South Mediterranean University (SMU) is a leading private university. It was founded in 2004 and includes two schools and one institute: the Mediterranean School of Business (MSB), the Mediterranean Institute of Technology (MedTech), and the Language and Culture Institute (LCI).

# ORGANZERS PRESENTATION

*IEEE*, acronym for Institute of Electrical and Electronics Engineers, is the world's largest technical professional organization dedicated to advancing technology for the benefit of humanity.

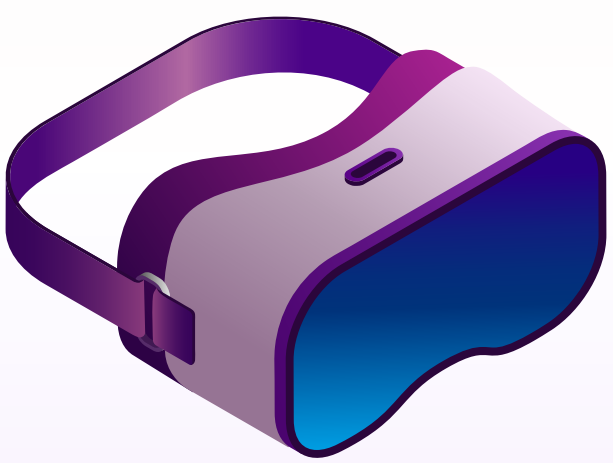

*IEEE SUP'COM Student Branch*, founded in 2011, gives to Sup'Com's engineering students the chance to thrive on both technical and soft scales through its diversified chapters. It is currently ranked 3rd in the IEEE Tunisia Section. On multiple occasions, the student branch was awarded the Regional Exemplary Student Branch Award (EMEA Region).

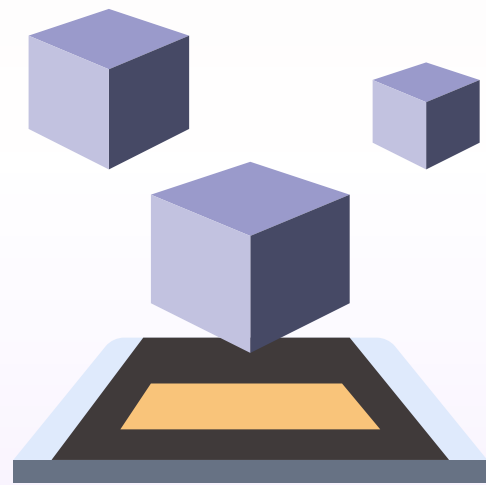

*IEEE SMU Student Branch*, founded in 2020, seeks to develop technical and non-technical skills of SMU students by offering a variety of activities. In 2021, It obtained the Outstanding Small Student Branch Award by the IEEE Tunisia Section. In 2022, it obtained the Regional Exemplary Student Branch Award.

# METaverse TUNISIAN SUMMIT

The Metaverse Tunisian Summit (MTS) is a first of its kind event in Tunisia and the MENA Region and it aims to advance the concept of the Metaverse. This transformative gathering brings together professionals and enthusiasts interested in trending technologies such as:

VR

AR

WEB 3

BLOCKCHAIN

We are trying through this event to shine a spotlight on the MetaVerse ecosystem in **Tunisia** and build a strong community that works on it in the country and region.

# MTS 2.0

With the same spirit, we are organizing the second edition of MTS this year. We are targeting 400+ students, engineers, and IT Leaders mainly in Tunisia and the neighbouring countries of the MENA Region. This year's edition is fully committed to building the future of Metaverse in Tunisia.

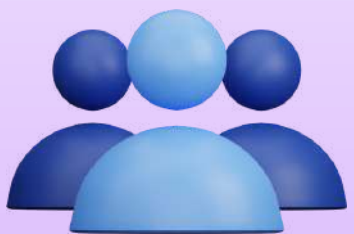

The program will include conferences and workshops led by experts in this field, as well as a hackathon in the Metaverse.

**MEDINA HAMMAMET HOTEL - NABEUL - TUNISIA**

# PREVIOUS EDITION

MTS 1.0 took place at Diar Lemdina Hammamet Hotel the 25th November 2022. The 3 day conference was a resounding success, with over 300 attendees. The summit featured a remarkable hackathon that showcased incredible innovation and creativity. The workshops provided valuable insights from experts in the field, contributing to an enriching experience for all participants. The collaborative atmosphere fostered connections and sparked groundbreaking ideas, making MTS a truly transformative event in the world of the Metaverse in Tunisia and the MENA Region.
